### Music Mites

is a great way to introduce your child to music. Structured for the different stages of a child's preschool development, they provide a fun-filled experience that is an excellent foundation for future musical training.

Each class includes singing, dancing, and playing rhythm and tonal instruments.

Further home study is supported by family packets produced by **Musikgarten®** which include music CD's and materials for enjoying musical experiences with your child daily.

### Music Makers at the Keyboard

#### Piano Classes For Ages 6-9

This music program is designed for young children interested in the piano. The course, designed by Musikgarten®, continues the ear training begun in our early childhood music classes and introduces the music aurally and thru written music. The child's love of music is nurtured thru singing and dancing their songs, as well as playing them on the piano.

*(Music Mites prior to keyboard is recommended)*

**Tuition:** \$160.00\* **8 Week Semester**

**Wednesdays: (6/25-8/13/14)**
